

HOA Architectural Review Request Form

The Declaration of Covenants and Restrictions of the association require that a request for improvements to the exterior of a homeowner's dwelling or land (lot) be submitted to the Architectural Control Committee (ACC) for approval. This applies if similar improvements to other properties already exist. The committee considers the covenants and restrictions of the association, as well as changes in color, shape, and design. Please allow 1-2 weeks for a response.

Submit to: White Oak Woods, President of the Board, 5227 Greenheart Dr., Indianapolis, IN 46237 or email to immurph66@yahoo.com.

The approval of your request to install a fence or other improvement(s) is subject to the following conditions:

- In the event the improvements are installed over any drainage easements, you must be sure that drainage is not hindered. If drainage is affected, your improvements may need to be altered, or even partially removed.
- You and your contractor(s) are responsible for any landscaping repairs required as a result of the improvement installation.

Homeowner is responsible for all drawing dimensions submitted with this request and approvals made by the ACC are subject to the homeowner providing accurate information regarding lot and improvement dimensions.
